## Coalition Updates.

---

- "There is a Huge Need for Rationalization of Coal Distribution for Uninterrupted Power Supply": *Sreedhar Ramamurthi, earth scientist and geologist, who is also the founder at Environics Trust, highlights the current challenges and the causes, the solutions that we must look for, and the loopholes between the government and power generation firms in this exclusive [interview](#) .*
- Prithvi Trust in Panna, Madhya Pradesh, organised a huge rally along with other organisations, demanding for finalising and implementing the State Silicosis Policy 2017, that is long pending. Workers from 153 stone quarries participated in the rally and submitted a memorandum to the District Collector (addressed to the State's Chief Minister). The demands included treatment, rehabilitation and welfare of the silicosis affected people. This same draft policy was implemented by Rajasthan government in the year 2019 but no action has yet been taken
