- The India Social Forum 2023 (ISF 2023), will be held from 2nd of December to 4th of December in Patna. If you are interested to participate, organise a parallel session, kindly register [here](#). The last date for registrations is 10th of November. The ISF 2023 serves as a crucial stepping stone towards the upcoming World Social Forum (WSF) in February 2024 in Kathmandu, Nepal. By harnessing the power of collective action, solidarity, and shared agendas, ISF 2023 aims to create a vibrant and inclusive platform that nurtures social change and advances the rights of all citizens.

- An international conference on the theme *"Tax and Extractives: Make MNCs Pay Their Share, Rewrite Global Tax Rules!"* is underway in Manila, Philippines, organized by the Tax and Fiscal Justice Asia, Canadians for Tax Fairness and the Global Alliance for Tax Justice (GATJ) in collaboration with the Asian Peoples' Movement on Debt and Development as part of GATJ's 10th anniversary commemorations. It brings together tax justice advocates to reflect on the achievements and challenges of GATJ and its regional members in the last 10 years. It also aims at strategizing mobilisation and coordination of struggles for tax justice in the extractives sector and for an inclusive and effective international tax cooperation, which can help bring to an end profit shifting and Illicit Financial Flows in the extractives.
